Design Projects

Product Designer

Freelance, May 2021 - Present

Worked closely with stakeholders and developers to translate business and user needs into scalable designs. Lead UX/UI projects by conducting user research, mapping of personas and user journeys, wireframing of design solutions and creating high fidelity clickable prototypes for implementation.

Clients: Mean Street Tattoo, Aura Finance

Other Experiences

Makeup Artist

Freelance, 2018 - 2020

Responsible for applying makeup to aesthetically enhance performers, entertainers, and other individuals for special events such as weddings or dates. Worked independently and with a team.

SUBC Facilitator

Sephora, 2017 - 2020

Coordinated daily classes for clients to learn about makeup and skincare applications. Led team meetings to discuss ideas regarding class and coaching. Provided education training for coworkers. Delivered constructive feedback to peers for consistent development. Utilized proprietary company technology to elevate client experiences.

Research Associate

Agency Access, 2015 - 2016

Researched direct marketing services for commercial artists and production companies. Worked with teams to apply research findings to the computer database.

Miscellaneous

Mica

Grassroots Design Fest, March 2021

Worked on cross-functional design team to develop a responsive website for More Than A Shop, a Non-Profit located in Baltimore, MD.

Roller Derby - SIDR

Graphics Artist & Skater, 2014 - 2017

Worked with a team of volunteer graphic designers to develop flyers. Skated as a member of the home team.
