User Experience Designer

Aura Finance
Oct 2021 - Current
- A financial wellness platform designed to help people to invest based on their goals and money archetype
- Worked on a cross-functional team in fast-paced product development to develop the MVP

Mean Street Tattoo
May - June 2021
- Created a responsive website design for Mean Street Tattoo, a tattoo shop located in Greenpoint, NY, to increase client engagement
- Developed and defined new style guides and a UI kit for the website
- Utilized UX research methods to define the wireframes & personas
- Ran a usability test & iterated on the design based on the user data & feedback

Other Experience

SUBC Facilitator
Sephora - Prudential Center Boston, MA
2017 - 2020
- Coordinated daily classes for clients to learn about makeup and skincare applications
- Led team meetings to discuss ideas regarding class and coaching
- Provided education training for coworkers
- Delivered constructive feedback to peers for consistent development
- Utilized proprietary company technology to elevate client experiences

Service Coordinator
Halo Network Inc - Amityville, NY
2016 - 2017

Service Coordination is a person-centered program provided by qualified personnel for clients with developmental disabilities.
- Managed a caseload of 40 clients by obtaining necessary services
- Worked with the clients and their families to research and design appropriate care for the client to live a self-directed life
- Maintained required documentation and case notes through the computer database with the utmost discretion while satisfying HIPAA compliance

Research Associate
Agency Access - Hauppauge, NY
2015 - 2016
- Researched direct marketing services for commercial artists and production companies
- Worked with teams to apply research findings to the computer database
